

Campus COVID Update 9th June 2020

Thank you for continuing to work with us and make the most of the opportunities in this time. We've been greatly encouraged by the support, appreciation and participation of so many, even when things don't look like we're used to and bring new challenges! With the start of a new Term and new announcements from the Government, we wanted to share our current plans for Campus ministry (recognising that God alone knows the future!).

Campus Growth Groups are the centre of online-community

While there are [new freedoms for in-person gatherings](#), the [University Campus remains closed to students](#) and all of Term 2 teaching is being offered online. As a result, we plan to continue to serve you with online teaching, training and fellowship throughout Term 2. **Campus Growth Groups** are the central place where we meet each week to support one-another and grow together - if you aren't currently involved, [sign-up here](#).

Options for in-person gathering

Outside of this and [following the Government guidelines](#), there are opportunities to meet with individuals or small groups off-campus. While you should feel no pressure to do this if you are not comfortable, spending time together in-person can be a great encouragement and support, which you should feel free to wisely make the most of.

Training and The Bible Talks

We have re-worked our training material to make the most of the online context **Starting this week**, [join us](#) to be equipped to serve! And The Bible Talks continue to stream weekly on **Thursdays at 12pm** on both [Facebook](#) and [Youtube](#) (where they remain available after the event). Invite your friends and join us online!

As always, **please get in touch** if you're finding things hard, would like to meet with someone, or have any questions. These continue to be unusual times that we find ourselves in and we would love to serve you and support you as best we can.

Thanks for joining with us

In Christ
